To all Filipinos, and Filipino Americans in the City of Fairbanks and North Star Borough, may we continue to grow in a spirit of unity, love, understanding, and harmony! Fil-Am is now officially a 501 (c) 3 Non-Profit Organization (Public Charity) retroactive as of Oct 24, 2005. It was a lot of work and efforts on my behalf, but made it happen. To all of the members who dedicated their time, resources, and talents for the good of our community, I thank you. I then extend my warmest greetings to the good people of Alaska. More occasions like Christmas, Cultural Performances and Picnics will provide more opportunities for our members to express their willingness to be part of this association, not just for fun or socials, but friends in all seasons. After the successful fund raisings for our youth car wash, krispy kreme donut sales, picnic, highway clean-up, and so many community events; we have shown our strength & solidarity in our community. I pray that this spirit of togetherness that is demonstrated by each and everyone will continue to grow to allow for the successful completion of our goals, projects and/or programs. Ating Lahi Cultural Suites Performances is coming soon. Ating Lahi is a Division of Fil-Am working toward a common goal to infuse a multicultural ideal to our young people and the generations to come! Interested? Welcome! The cooperation, support, and sacrifices, both in time and personal expenses that you have shared for our association's success, is greatly appreciated. This is a healthy time that we will continue to be one for all, supporting our projects for many noble causes. Mabuhay! Yoly
